SUBJECT: CALLER ID SPOOFING – MACOMB COUNTY HEALTH DEPARTMENT

The Macomb County Health Department was made aware that an individual(s) has falsified the main telephone numbers from three of our health department locations, and is using those falsified numbers to contact random people and request sensitive information. The Health Department is aware of at least four numbers being used by this individual(s). That falsified telephone numbers are (586) 466-6800, (586) 465-8090, (586) 465-8537, and (586) 469-5235. They will not leave a message and will call multiple times until you answer.

The Macomb County Health Department does not randomly query patients for personal information such as Social Security Number or insurance information over the telephone.

If you receive a call requesting this information, do not provide your personal financial information to the caller.
