

Youth Emergency Preparedness Program

The Macomb County Health Department (MCHD), in partnership with the MCHD Medical Reserve Corps, is offering a FREE Youth Emergency Preparedness Program to elementary schools throughout Macomb County.

Program Details:

- **40-minute interactive presentation**
- **Specially designed for Macomb County fifth-graders**
- **Scheduled based on your classroom's availability**
- **Trained, background-checked presenters**
- **All materials are provided**

Topics:

- **What types of disasters could you see in Macomb County?**
- **What can fifth graders do to prepare for emergencies?**
- **What is an emergency kit?**
- **What is a communication plan?**

Just as FEMA and the U.S. Department of Education partner to increase youth preparedness at the federal level, your school can partner with the Health Department to empower students and families to be prepared. Make your school a critical asset to your community's resiliency.

To schedule a presentation or get more information about the program, please contact Kara Marsh at (586) 463-4361 or kara.marsh@macombgov.org
