

Dear Parent of future preschool or childcare children:

The State of Michigan requires children to be age-appropriately vaccinated unless a valid exemption applies* in order to attend a childcare or preschool. **The following vaccinations are required by the MI Public Health Code** for children ages 2 months – 4 yrs.

The number of doses varies depending on child’s age:

- ✓ 1-4 doses DTap
- ✓ 1-3 doses Polio
- ✓ 1-3 doses Hepatitis B, or laboratory evidence of immunity
- ✓ 0-1 doses MMR, or laboratory evidence of immunity
- ✓ 0-1 doses Varicella, laboratory evidence of immunity, or disease history from a parent or physician.
- ✓ 1-4 HIB
- ✓ 1-4 PCV13

To obtain these vaccinations contact your physician, the MCHD Immunization Clinic at the following locations: **call first for hours of operation have changed & services are by appointment only,**

*** Parents must provide the program with one or both of the below two valid exemptions.**

- 1) **Non-medical Immunization Waiver Form** – **The local health department Mount Clemens Center** must certify this type of waiver for religious or other objection(s) to vaccine(s). To obtain a certified nonmedical waiver, a legal guardian **must schedule an appointment by calling 586-466-6840** & receive an education on the vaccines waived. **“How to Obtain a Nonmedical Waiver” instructions are found on the link below.**
- 2) **Medical Contraindication Form** - This type of waiver is completed by a physician (MD., or DO.) verifying a medical reason that prevents the child from receiving a specific immunization(s) for a specific period of time. This form can be found on the link below.

Any child with a valid exemption to a particular vaccination is considered susceptible to that vaccine-preventable disease, and is subject to exclusion from the program if an outbreak of the disease occurs.
