*** Parents must provide the school with one or both of the below two valid exemptions.**

- 1) **Non-Medical Immunization Waiver Form** – The local health department must certify this type of waiver for religious or other objection(s) to vaccine(s).
To obtain a certified nonmedical waiver, a legal guardian **must schedule an appointment by calling (586) 466-6840** and receive an education on the vaccines being waived.
“How to Obtain a Nonmedical Waiver” instructions (included) found on the link below.
- 2) **Medical Contraindication Form** - This type of waiver is completed by a physician (MD or DO) verifying a medical reason that prevents the child from receiving a specific immunization(s) for a specific period of time. This form can be found on the link below.

*Any child with a valid exemption to a particular vaccination is considered susceptible to that vaccine-preventable disease, and is **subject to exclusion** from the school if an outbreak of the disease occurs.*
