*** Parents must provide the school with one or both of the below two valid exemptions.**

- 1) **Non-medical Immunization Waiver Form** – The local health department must certify this type of waiver for religious or other objection(s) to vaccine(s).

To obtain a certified nonmedical waiver, a legal guardian **must schedule an appointment by calling 586 466 6840** & receive an education on the vaccines waived.

“How to Obtain a Nonmedical Waiver” instructions is (included) found on the link below.

- 2) **Medical Contraindication Form** - This type of waiver is completed by a physician (MD., or DO.) verifying a medical reason that prevents the child from receiving a specific immunization(s) for a specific period of time. This form can be found on the link below.

Any child with a valid exemption to a particular vaccination is considered susceptible to that vaccine-preventable disease, and is subject to exclusion from the school if an outbreak of the disease occurs.
