

Dear Parents of preschool or childcare children:

The State of Michigan requires children to be age-appropriately vaccinated unless a valid exemption applies* in order to attend a childcare or preschool. **The following vaccinations are required by the Michigan Public Health Code** for children ages 2 months – 4 yrs. **The number of doses varies depending on child’s age:**

- ✓ 1-4 doses DTap
- ✓ 1-3 doses Polio
- ✓ 1-3 doses Hepatitis B, or laboratory evidence of immunity
- ✓ 0-1 doses MMR, or laboratory evidence of immunity
- ✓ 0-1 doses Varicella, laboratory evidence of immunity, or disease history from a parent or physician.
- ✓ 1-4 HIB
- ✓ 1-4 PCV13

The following resources are options to obtain the required vaccinations:

1. Physician offices – contact your doctor’s office
2. Macomb County Health Department Immunization Clinics, listed below: **Please call first for services are available by appointment only.**

*** Parents must provide the program with one or both of the below two valid exemptions.**

- 1) **Non-medical Immunization Waiver Form** – The local health department must certify this type of waiver for religious or other objection(s) to vaccine(s).

To obtain a certified nonmedical waiver, a legal guardian **must schedule an appointment by calling 586 466 6840** & receive an education on the vaccines waived. **Education is only available at the Mount Clemens Health Center.**

- 2) **Medical Contraindication Form** - This type of waiver is completed by a physician (MD., or DO.) verifying a medical reason that prevents the child from receiving a specific immunization(s) for a specific period of time.

It’s the parent responsibility to obtain the completed medical waiver form from their doctor and submit to the program the child attends.

This form and more information can be found on the SIP visit website at <https://health.macombgov.org/Health-Programs-DC-SchoolImmunization>

Any child with a valid exemption to a particular vaccination is considered susceptible to that vaccine-preventable disease, and is **subject to exclusion** from the school if an outbreak of the disease occurs.
